“Just In Time” Career Expo Tips

Entering the Career Expo Floor:

- Be independent. Approach employers on your own, not with a friend.
- Turn cell phone off. Instead, remain engaged with recruiters and others at the event.
- Respect recruiter’s materials and “giveaways” by only taking 1 when offered.
- Be confident. Smile, walk confidently with a good posture, and make direct eye contact. Understand that employers view candidates as possible future employees of their organization.
- Chart your course. Survey the room to determine where employers are located and in what order you plan to visit them. If possible, avoid standing in long lines; instead, keep moving and return later.

Meeting the Recruiter/Employer:

- **Be patient.** Don’t interrupt the employer or jump into a conversation he/she is having with someone else. Wait your turn; you might even pick up some valuable information as you wait!
- When it’s your turn to meet the employer, take a deep breath, smile, shake hands firmly and begin your “60-second” commercial.
- Make direct eye contact with the employer throughout your conversation.
- Watch your tempo and tone when speaking to the employer.
- **Ask meaningful questions:**
 - Ask one or two meaningful questions without monopolizing the employer’s time
 - Not a good idea to ask about salary
 - If you are an undergraduate, be sure to ask about internship and student employment
- Review ‘Questions to Ask at a Career Fair’ Quick Guide to review sample questions you could ask employers.

Put your Resume into a Recruiter’s Hands:

- Thank the employer for his/her time and leave a copy of your resume if accepting. The recruiter may instruct you to upload resume into the employer’s online application system instead.
- Ask the employer for a business card, company brochure, and follow-up process.
- As soon as you walk away from the employer, jot down a few notes about your conversation. You may want to bring up a few memorable points that were discussed during your visit to include in your follow-up letter.

After the Career Fair: Follow-up is essential to making the most of your career fair experience!

- Within one week, send thank you letters to employers that you meet. Most candidates do not make the effort to send thank you letters; why not give yourself the competitive edge?
- Use the follow-up procedures suggested by the employer.
