

UIS Peoria - End of Semester Newsletter

Post Midterm Updates

Well... Well... Well... It seems like it's time for another newsletter!

To begin, we want to congratulate everyone on making it to the end of another semester! It seemed to drag out a bit, didn't it?

Good news! UIS Peoria & Distillery Labs have continued to grow in relations with one another. Why is this important? Distillery Labs are a part of the Illinois Innovation Network, similar to what we have in Springfield with Innovate Springfield. Why should you care? This may be a golden ticket to create an enriching opportunity for all UIS Students! Especially those that surround the Peoria area. Hopefully more positive updates to come throughout next year!

Speaking of surrounding UIS students in the Peoria area... there are active talks about creating events for UIS students that may not be able to visit the main campus by connecting them locally at ICC. Ideas such as a family movie night, meet and greet spaces to network, and other various activities. This may begin with a simple survey sent out to get an idea of the attendance to plan accordingly.

UIS Peoria has also been a proud supporter of the Teachers Education Program and the College of Business by lending our resources and services to help in any way to expand community outreach into the Peoria area.

ICC has continued to create a remarkable student life outreach through events for all students, faculty, and staff members. We are honored to be participants and attendees to their events. If you are interested in attending a few, check out our website! Connecting with local students has been an honor and a privilege. In other news on the ICC East Peoria campus, construction has been completed! The outside commons area is well decorated and up-to-date, even though it may not be as pleasurable due to the colder weather that is upon us.

We at UIS Peoria concluded our annual open house with a respectable attendance of both local UIS and ICC students. It was great to connect with all who stopped in and shared stories and goals. We plan to hold our next open house near the end of the spring semester, information can be found on our website. We keep it updated and fresh bi-weekly, check back at the beginning of next semester for new updates on events at ICC, in the Peoria area, and exclusive events for UIS Students! You can reach our website through the QR Code at the bottom of this newsletter.

With that, we wish you a relaxing break and look forward to seeing you in the next year!
